My dearest Mother,

Thank you for the handkerchief
and your good wishes. Your present
was a very welcome one.

There are two items of news this
week. —

Sam has won a scholarship to
Westminster! The examination is
called the Challenge and the competition
is pretty keen. We are all very pleased.

2

He will start next September, and, as a King's Scholar, he will live in College and wear a gown in school. I believe the scholarship is worth about £100 a year.

The school will be back in London when Term starts. Both of the boys will be boarding, but they are allowed to come home on Saturday evenings if they get back to school in time for Monday morning's work.

Christopher came home on Saturday for a long VE-day weekend. Mayone

met him at Paddington & they had
lunch together. Then they met me
and we went to the Royal Academy.
Then we had tea at the RAC, & went
to the theatre to see 'Jacobowsky & the
Colonel'. Then to dinner at the Park
Lane and home to bed. To-day we
all three went down to see Sam
at Haywards Heath — lunch in a
nice little hotel at Linfield, then
to Brighton, back to H.H., and then
the three of us came home. Christopher

goes back on Tuesday.

The other item of news is that I have been asked to give the Wright Brothers lecture in Washington in December. This is the premier lecture on American aeronautics, like the Wilbur Wright lecture here. It is a very considerable honor. All being well, May one will come with me.

My broadcast is postponed until ~~June~~ June 22nd at 7:30. All the talks were thrown out by the election

broadcasts. I don't think that there
will be any further postponements.

We were sorry to hear of your
trouble with your leg. It is very
difficult for you and I do hope
there will be some improvement soon.

I hope Bob & Kathleen had a
nice time at Weston. If their reaches
you before they leave, give them our
love.

Take care of yourself
Your own loving son
