My dearest Mother,

I am at last writing
on Friday night again; but
although I have not been to
Town, Tom having furnished, I
have only just got home (6. 25)
as I have been to Hawksers
at Kingston.

I hope I shall hear
to-morrow what you thought
of 'The Aunt of England'. It
has had a fairly good
reception in London, mainly
on account of Gladie Wright,
the old lady. We are not
going to our local Theatre
this week; they are doing

'M' Wu' which M. has seen &
which I am not keen to see.
We are going to-morrow to
see 'Lady in Lace' the film
with Yvonne Arnaud & Tom
Walls in.

You will be interested
to hear that I have been
elected to the Council of
the Royal Astronomical
Society, & shall serve for
two years. It should be
interesting.

The children are flourishing
and send their love. So does
Maxine. Hoping you are
well,

Your own loving son

My dearest Mother,

I am at last writing on Friday night again, but although I have not been to Town, term having finished, I have only just got home (6.45) as I have been to Hawkers at Kingston.

I hope I shall hear to-morrow what you thought of 'The Court (?) of England'. It has had a fairly good reception in London, mainly on account of Hadee (?) Wright, the old lady. We are not going to our local theatre this week: they are doing 'The War' which M. has seen & which I am not keen to see. We are going to-morrow to see 'Lady in Danger' the film with Yvonne Arnaud & Tom Walls in.

You will be interested to hear that I have been elected to the Council of the Royal Aeronautical Society, & shall serve for two years. It should be interesting.

The children are flourishing and send their love. So does Marjorie. Hoping you are well,

Your own loving son

Harold
