My dearest Mother,

Thank you for your letter,
which I got when I met Mayorie on
Saturday afternoon.

I had a most enjoyable trip to
Germany. The weather was appalling, but
airships can fly when aeroplanes would
not dare to leave the ground, and we
arrived according to plan at 6.30 on
Thurs. morning.

I spent Thursday with the chief
engineer of the Zeppelin Co. and on
Friday Dr Eckener gave us lunch.
There were, besides myself, Meager
(1st Officer of R100) & his wife — both of
whom came at the last minute —
Capt. von Schiller, & Dr Erle — six in all.
It was all very pleasant and I
left Friedrichshafen at 6.45 pm on
Friday, arriving in Victoria at about
4 p.m. — on Saturday. I picked up my

cars and met M. & P. at Baker St
where they had arrived from Haleb
End, and we all went back to
Famboro! We packed up all our
goods and left the Ridgemoor for
ever on Sunday morning (to-day, that
is) away here for lunch.

Mayone & Pok have been bathing
this afternoon, & I expect we shall
have a happy holiday. We shall
return to Bedford about Sept. 4th
— address unknown at present.

M. is bathing P at the moment
& I don't know whether her letter
to you will catch the post. If not
you may expect it the day after
you get this.

I hope you are all well, & look
forward to seeing you soon.

Much love from us all to you both,

Your own son
